

(2026년도 대한재활의학회 추계국제학술대회 프로그램)									
Day 1 - Oct 23 (Fri)									
Time	Room A	Room B	Room C	Room D	Room E	Room F	Room G	Poster Room	
08:00-08:30	Registration								
08:30-10:00	Parallel Symposium 1 (Geriatric) (A)	Parallel Symposium 2 (Lymphedema) (A)	Parallel Symposium 3 (Cardiopulmonary) (A)	Health Insurance Committee Session (A)(K)	Research Planning Committee Session (A)(K)		Improvement of Disability Recognition Session (A)(K)	Poster Exhibition (A)	
10:00-10:30	Coffee Break							Poster Award Session 1 (A)	
10:30-10:40	Opening and Welcome Address								
10:40-12:10	Plenary Session (A)							Poster Exhibition (A)	
12:10-13:10	Luncheon Symposium (A)								
13:10-13:40	Coffee Break							Poster Award Session 2 (A)	
13:40-15:10	Scientific Session 1 (Award) (A)	Parallel Symposium 4 (Brain) (A)	Parallel Symposium 5 (US) (A)	Sponsored Workshop (F)(K)	Oral Presentation 1-1 (A)	Oral Presentation 2-1 (A)	Oral Presentation 3 (A)	Poster Exhibition (A)	
15:10-15:40	Coffee Break							Poster Award Session 3 (A)	
15:40-17:10	Scientific Session 2 (Award) (A)	Parallel Symposium 6 (MSK) (A)	Parallel Symposium 7 (IOM) (A)	Korea – Mongolia Joint Symposium (A)	Oral Presentation 1-2 (A)	Oral Presentation 2-2 (A)	Clinical Practice Guidelines Committee Session (A)(K)	Poster Exhibition (A)	
17:10-19:10	Break time								
19:10 ~	Awards Ceremony & Gala Dinner								
Day 2 - Oct 24 (Sat)									
Time	Room A	Room B	Room C	Room D	Room E			Poster Room	
08:00-08:30	Registration								
08:30-10:00	Parallel Symposium 8 (Sports) (A)(K)	Parallel Symposium 9 (Cancer) (A)	Parallel Symposium 10 (Foot) (A)(K)	Parallel Symposium 11 (EMG) (A)(K)	Editorial Committee Session (A)(K)			Poster Exhibition (A)	
10:00-10:30	Coffee Break								
10:30-12:00	Special Invited Lecture (A)								
12:00-13:20	Annual Business Meeting & Lunch								
13:20-13:30	Coffee Break								
13:30-15:00	Oral Presentation 4 (A)	Parallel Symposium 12 (SCI) (A)	Parallel Symposium 13 (Dysphagia) (A)(K)						
15:00-15:30	Coffee Break								
15:30-17:00	Parallel Symposium 14 (O&P) (A)(K)	Parallel Symposium 15 (Pediatric) (A)(K)		Education Session 1 (R)(K)	Education Session 2 (R)(K)				

Day 1, 10월 23일 금요일

08:30-10:00	Parallel Symposium 1 (Geriatric) Fall Prediction and Prevention Solutions	Room A
Chair: Don-Kyu Kim (Chung-Ang University, Korea)		
08:30-09:00	Retrospective Specialized Cohort Based on Multicenter Fall Data Standardization	Chul Hyun Park (Sungkyunkwan University, Korea)
09:00-09:30	Multimodal Foundation Model-Based Fall Prediction System	Joeeun Ahn (Dept. Physical Education, Seoul National University, Korea)
09:30-10:00	Care Continuity-Based AI Solutions for Fall Prediction and Prevention	Keewon Kim (Seoul National University, Korea)
08:30-10:00	Parallel Symposium 2 (Lymphedema) Imaging Assessment of Lymphedema in Clinical Practice	Room B
Chair: Heeyoune Jung (National Traffic Injury Rehabilitation Hospital, Korea)		
08:30-09:00	Interpretation of Lymphoscintigraphy for Lymphedema	Minseok Suh (Dept. of Nuclear Medicine, Seoul National University, Korea)
09:00-09:30	Anatomically-Based Personalised Conservative Management for Lymphoedema	Hiroo Suami (Dept. Plastic and Reconstructive Surgery, Macquarie University, Australia)
09:30-10:00	Ultrasonographic Assessment of Lymphedema: Clinical Utility and Practical Experience	Seungwoo Cha (University of Ulsan, Korea)
08:30-10:00	Parallel Symposium 3 (Cardiopulmonary) Frailty and Cardiac Rehabilitation	Room C
Chair: Jong Hwa Lee (Dong-A University, Korea)		
08:30-09:00	Why Frailty Matters in Cardiac Rehabilitation	Won-Seok Kim (Seoul National University, Korea)
09:00-09:30	Exercise Prescription for the Frail Patient in CR	Sora Baek (Kangwon National University, Korea)
09:30-10:00	Rehabilitation of Heart Failure Patients With Sarcopenia and Frailty: Clinical Perspectives From Taiwan	Shu-Chun Huang (Dept. of Neurology, Tucheng Chang Gung Memorial Hospital, Taiwan)
08:30-10:00	Research Planning Committee Long-Term Sustainable Impact of National R&D Projects	Room E
Chair: Min Kyun Sohn (Chungnam National University, Korea)		
Chair: Jongmin Lee (Konkuk University, Korea)		
08:30-08:50	Building Sustainable Success Through Researcher-Agency Collaboration	Hyun Joung Lim (National Institute of Health, Korea)
08:50-09:05	Long-Term Mortality and Recurrence After Stroke in Korea	Junhee Han (Dept of Statistics, Hallym University)
09:05-09:25	Long Journey After Stroke Patients With Disability	Dae Hyun Kim (Sungkyunkwan University, Korea)
09:25-09:40	Is Intensive Rehabilitation Cost-Effective?	Jeonghoon Ahn (Dept. of Health Convergence, Ewha Womans University, Korea)
09:40-10:00	The Next Decade of KOSCO	Won Hyuk Chang (Sungkyunkwan University, Korea)
08:30-10:00	Improvement of Disability Recognition Session	Room G
Chair: TBD		
10:00-10:30	Poster Award Session 1	Poster Room
		Chair: TBD
10:40-12:10	Plenary Session Rehabilitation in Society: Function as a Public Good	Room A-C

Chair: Heesuk Shin (Eulji University, Korea)		
Chair: Joon Shik Yoon (Korea University, Korea)		
10:40-11:10	Function as a Public Good: Rehabilitation 2030 and the Next Social Contract	Jody Anne Millis (Technical Officer, WHO Western Pacific Regional Office)
11:10-11:40	Scaling Public Rehabilitation: Data, Digital Platforms, and Workforce for the Next 20 Years	Michael Young Lee (Dept. of PM&R, Baylor College of Medicine, USA)
11:40-12:10	Public Rehabilitation in Korea: Building Function as a Social Infrastructure	Moon Suk Bang (Seoul National University, Korea)
12:10-13:10	Luncheon Symposium	Room A-C
Chair: TBD		
12:10-13:10	TBD	TBD
13:10-13:40	Poster Award Session 2	Poster Room
		Chair: TBD
13:40-15:10	Scientific Session 1 (Award)	Room A
Chair: TBD		
13:40-15:10	Parallel Symposium 4 (Brain) Comprehensive Neuro-Rehabilitation for Posterior Circulation Stroke	Room B
Chair: Seung Don Yoo (Kyung Hee University, Korea)		
13:40-14:05	Oculomotor Dysfunctions in Stroke	Jeong-Yoon Choi (Dept. of Neurology, Seoul National University, Korea)
14:05-14:30	Vestibular Rehabilitation for Posterior Circulation Stroke	Seung-woo Cha (University of Ulsan, Korea)
14:30-14:55	Recovery of Visual Perception and Sensory Function Through Neuro-Vision Rehabilitation	Fiona Rowe (Dept. of Primary Care and Mental Health, University of Liverpool, UK)
14:55-15:10	Q&A	
13:40-15:10	Parallel Symposium 5 (US) Us-Guided Intervention for Head and Neck Problems	Room C
Chair: Jong Hwa Lee (Dong-A University, Korea)		
13:40-14:10	Injection Techniques for Common Cervical Lesions (Snrb, Mbb, and Facet Joint Blocks)	Kyunghoon Min (CHA University, Korea)
14:10-14:40	Nerve Blocks for Cervicogenic Headache (Trigeminal, Greater, and Third Occipital Nerve Blocks)	Sun Jae Won (The Catholic University of Korea)
14:40-15:10	Btx Injection for Cervical Dystonia (Muscle Anatomy and Selection)	Keewon Kim (Seoul National University, Korea)
13:40-15:10	Sponsored Workshop Botulinum Toxin Injection Sponsored Workshop: Precision Techniques for Spasticity and Dystonia	Room D
Chair: Bum Sun Kwon (Dongguk University, Korea)		
13:40-14:10	Targeted Treatment of Post-Stroke Upper Extremity Spasticity Using Ultrasound	Joon-Ho Shin (National Rehabilitation Center, Korea)
14:10-14:40	Guided Injection Techniques for Lower Extremity Management in Cerebral Palsy	Bo Young Hong (The Catholic University of Korea)
14:40-15:10	Precision Botulinum Toxin Injection for Cervical Dystonia: From Muscle Selection to Guidance Techniques	Dae-Hyun Jang (The Catholic University of Korea)
13:40-15:10	Oral Presentation 1-1	Room E
Chair: TBD		
13:40-15:10	Oral Presentation 2-1	Room F

Chair: TBD		
13:40-15:10	Oral Presentation 3	Room G
Chair: TBD		
15:10-15:40	Poster Award Session 3	Poster Room
		Chair: TBD
15:40-17:10	Scientific Session 2 (Award)	Room A
Chair: TBD		
15:40-17:10	Parallel Symposium 6 (MSK) Unfinished Debates: Controversial Diagnoses in Spine and Musculoskeletal Pain	Room B
Chair: Hyun Seok (Soonchunhyang University, Korea)		
15:40-16:10	Discogenic Pain, Modic Changes, and Sacroiliac Joint Dysfunction: Imaging vs Reality	Dong Gyu Lee (Yeungnam University, Korea)
16:10-16:40	Piriformis Syndrome and Deep Gluteal Syndrome: Fact or Fiction?	Jae-Hyun Lee (Pusan National University, Korea)
16:40-17:10	Scapular Dyskinesia: Disease or Biomechanical Variation?	Jong Geol Do (Sungkyunkwan University, Korea)
15:40-17:10	Parallel Symposium 7 (IOM)	Room C
Chair: Dae Yul Kim (University of Ulsan, Korea)		
15:40-16:10	Basic Anatomy and Physiology of Visual & Auditory Pathway in IONM Modalities	Sang Yeol Yong (Yonsei University, Korea)
16:10-16:40	Revisiting Intraoperative Visual Function Monitoring 2026	Kunihiko Komada (Dept. of Neurosurgery, Shinshu University, Japan)
16:40-17:10	BAEPs and Brainstem Mapping	Schererazade Le (Dept. of Neurology, Stanford University, USA)
15:40-17:10	Korea – Mongolia Joint Symposium	Room D
Chair: Heesuk Shin (Eulji University, Korea)		
Chair: Zolzaya Batdavaajav (President of MSPRM, Mongolia)		
15:40-16:10	Current Situation of Rehabilitation of Mongolia	Zolzaya Batdavaajav (President of MSPRM, Mongolia)
16:10-16:40	The Results of Cooperation Between the KARM and the MNUMS in the Development of Mongolian Rehabilitation Medicine	A.Baljinnyam (Past President of MSPRM, Mongolian National University of Medical Sciences, Mongolia)
16:40-17:10	Past and Future of Rehabilitation Medicine in Korea	Yoon Ghil Park (Yonsei University, Korea)
15:40-17:10	Oral Presentation 1-2	Room E
Chair: TBD		
15:40-17:10	Oral Presentation 2-2	Room F
Chair: TBD		
15:40-17:10	Clinical Practice Guidelines Committee The 2026 Korean Cardiac Rehabilitation Guideline: Evidence, Appraisal, and Future Directions	Room G
Chair: Jae-Young Han (Chonnam National University, Korea)		
15:40-16:05	Current Recommendations and Evidence Synthesis of the 2026 Korean Cardiac Rehabilitation Guideline	Won-Kee Chang (Seoul National University, Korea)
16:05-16:30	Lessons Learned and Future Directions in Developing the 2026 Korean Cardiac Rehabilitation Guideline	Byung Chan Lee (Chung-Ang University, Korea)

16:30-17:00	External Appraisal of the 2026 Korean Cardiac Rehabilitation Guideline Using International Standards	Hyun Jung Kim (Dept. of Anatomy, Korea University, Korea)
17:00-17:10	Q&A	
Day 2, 10월 24일 토요일		
08:30-10:00	Parallel Symposium 8 (Sports) Sports Science and Exercise Medicine Revisited: A Focus on Physiology, Biomechanics, and Injury Recovery	Room A
Chair: EunKuk Kim (SRC Rehabilitation Hospital, Korea)		
08:30-09:00	Metabolic and Physiological Mechanisms of Exercise for Functional Optimization	Jung Hoon Kim (Dept. Marine Sports Science, National Korea Maritime & Ocean University, Korea)
09:00-09:30	Movement Data-Driven Rehabilitation: From Injury Prevention to Functional Restoration	Byeong Ju Noh (Dept. Sports Science, Jeju National University, Korea)
09:30-10:00	Exercise-Based Functional Recovery	Seung Gil Lim (Dept. Healthcare and Exercise Science, Seowon University, Korea)
08:30-10:00	Parallel Symposium 9 (Cancer) Digital Transformation of Cancer Rehabilitation: From Measurement to Predictive Care	Room B
Chair: Dong Hwan Kim (Kyung Hee University, Korea)		
08:30-09:00	Exercise, Behavior Change, and Real-World Function in Cancer Survivors: From Evidence to Implementation	Kristin Campbell (Dept. of Physical Therapy, University of British Columbia, Canada)
09:00-09:30	Digital Biomarkers and Functional Trajectories in Oncology	Sunghoon Joo (Vice President & CTO, VUNO Inc., Korea)
09:30-10:00	Multifaceted Approaches to Quantification and Improvement of Walking and Balancing	Jooeun Ahn (Dept. Physical Education, Seoul National University, Korea)
08:30-10:00	Parallel Symposium 10 (Foot) Forefoot Pain: 3 Key Lesions You Might Be Missing	Room C
Chair: Myeong Ok Kim (Inha University, Korea)		
08:30-09:00	Sesamoid Bone Disorder	Seok Kang (Korea University, Korea)
09:00-09:30	Plantar Plate Disorder	Hye Jung Park (The Catholic University of Korea)
09:30-10:00	Morton Neuroma	Jaewon Beom (Seoul National University, Korea)
08:30-10:00	Parallel Symposium 11 (EMG) Electrodiagnostic-Radiologic Correlation in Peripheral Nerve and Root Disorders	Room D
Chair: Hye Won Kim (The Catholic University of Korea)		
08:30-09:00	Electrodiagnostic Localization of Non-Entrapment Peripheral Neuropathies: From Patterns to Diagnosis	Jee Eun Kim (Dept. of Neurology, Soonchunhyang University, Korea)
09:00-09:30	Entrapment Neuropathies: EMG, Ultrasound, and MRI	Yu Jin Im (Sungkyunkwan University, Korea)
09:30-10:00	Electrodiagnosis and Imaging in Radiculopathy: Correlation, Discordance, and Clinical Decision-Making	Jinyoung Park (Yonsei University, Korea)
08:30-10:00	Editorial Committee Strategic Pathways for Global Advancement of ARM and Journal Consolidation	Room E
Chair: Jae-Young Lim (Seoul National University, Korea)		
08:30-09:00	From Local to Global: The Evolutionary Journey and Strategic Growth of the Journal of Stroke	Beom Joon Kim (Dept. of Neurology, Seoul National University, Korea)
09:00-09:30	Consolidating Specialty Journals: The History, Integration Process, and Current Management of Anesthesia & Pain Medicine	Hyun Kang (Dept. of Anesthesiology and Pain Medicine, Chung-Ang University, Korea)
09:30-10:00	Panel Discussion: Exploring Feasibility and Synergies for the Integration of Rehabilitation Medicine Journals in Korea	Byung-Mo Oh (Seoul National University, Korea)
		Won Hyuk Chang (Sungkyunkwan University, Korea)
		Sang Chul Lee (Yonsei University, Korea)
		Jang Woo Lee (National Health Insurance Service Ilsan Hospital, Korea)

10:30-12:00	Special Invited lectures Physical AI and Rehabilitation	Room A-C
Chair: Ghichan Kim (COMWEL Changwon Hospital, Korea)		
Chair: Hasuk Bae (Ewha Womans University, Korea)		
10:30-11:00	Brain Inspired AI	Su-In Lee (Paul G. Allen School of CSE, University of Washington, USA)
11:00-11:30	AI Inspired Rehabilitation (How Artificial Intelligence Is Reshaping Human Recovery)	Jean Hyejin Oh (The Robotics Institute, Carnegie Mellon University, USA)
11:30-12:00	Physical AI From Industry (Bringing AI-Driven Rehabilitation Into Real-World Care)	Eun Kyoung Kang (Samsung Fire & Marine Insurance, Korea)
12:00-13:20	Annual Business Meeting & Lunch	Room A-C
13:30-15:00	Oral Presentation 4	Room A
Chair: TBD		
13:30-15:00	Parallel Symposium 12 (SCI) Physical Activity and Exercise Prescription in Spinal Cord Injury: From Guidelines to Clinical Implementation	Room B
Chair: Moon Suk Bang (Seoul National University, Korea)		
13:30-14:00	SCI Physical Activity Guidelines	Kathleen Martin Ginis (Distinguished University Scholar, UBC, Canada)
14:00-14:30	Application of National Rehabilitation Center Exercise Programs in SCI	Onyoo Kim (National Rehabilitation Center, Korea)
14:30-15:00	Community-Based Physical Activity and Exercise in Individuals with Spinal Cord Injury	Sungchul Huh (Pusan National University, Korea)
13:30-15:00	Parallel Symposium 13 (Dysphagia) Cutting-Edge Innovations in Dysphagia Treatment	Room C
Chair: Kyung Hyo Choi (University of Ulsan, Korea)		
13:30-14:00	Recent Advances and Updates on Non-Invasive Brain Stimulation for Dysphagia	Sekwang Lee (Korea University, Korea)
14:00-14:30	Therapeutic Mechanism and Clinical Evidence of Vagus Nerve Stimulation in Dysphagia	Yeo Joon Yun (Hanyang University, Korea)
14:30-15:00	Digital Technologies for Dysphagia Rehabilitation	Woo Hyung Lee (Seoul National University, Korea)
15:30-17:00	Parallel Symposium 14 (O&P) Cutting Edges in Orthotics and Prosthetics	Room A
Chair: Yong-Il Shin (Pusan National University, Korea)		
15:30-16:00	Clinical Application of Artificial Muscle Orthoses	Cheol Hoon Park (Korea Institute of Machinery & Materials, Korea)
16:00-16:30	Precision medicine in rehabilitation with prosthetics and orthotics	Gangpyo Lee (Korea Workers' Compensation & Welfare Service Incheon Hospital, Korea)
16:30-17:00	Current Issues in Orthotics and Prosthetics Practice	Ja-Ho Leigh (National Traffic Injury Rehabilitation Hospital, Korea)
15:30-17:00	Parallel Symposium 15 (Pediatric) Current Advancements and Comprehensive Care in Dystrophinopathies (Duchenne and Becker Muscular Dystrophy)	Room B
Chair: MinYoung Kim (CHA University School of Medicine, Korea)		
15:30-16:00	Redefining Diagnosis and Differential Diagnosis in the Genomic Era	Dae-Hyun Jang (The Catholic University of Korea)
16:00-16:30	Evolution of Treatment Paradigm in Dystrophinopathy: From Standard Care to Gene Therapy	Anna Cho (Depts. of Pediatrics & Genomic Medicine, Seoul National University, Korea)
16:30-17:00	Stage-Specific Rehabilitation Strategies and Functional Preservation	Sooyeon Kim (Pusan National University, Korea)
15:30-17:00	Education Session 1 Cancer-Related Lymphedema: Clinical Essentials	Room D
Chair: Chang-Hyung Lee (Pusan National University, Korea)		

15:30-16:00	Risk Factors and Early Detection of Cancer-Related Lymphedema	So Young Lee (Jeju National University, Korea)
16:00-16:30	Complete Decongestive Therapy: Principles and Practical Implementation	Yong Jae Na (Chung-Ang University, Korea)
16:30-17:00	Evidence-Based Precautions in Lymphedema	Seung Mi Yeo (Pusan National University, Korea)
15:30-17:00	Education Session 2 Post-Stroke Spasticity Management	Room E
Chair: Jongmin Kim (Daegu Fatima Hospital, Korea)		
15:30-16:00	Post-Stroke Spasticity Assessment and Clinical Implication	Sook Joung Lee (The Catholic University of Korea)
16:00-16:30	Medical Treatment and Rehabilitation for Post-Stroke Spasticity	Joon-Ho Shin (National Rehabilitation Center, Korea)
16:30-17:00	Intrathecal Baclofen Pump Therapy for Spasticity	Sung-Rae Cho (Yonsei University, Korea)
